N/A

Amazing country house dating from the year 1886, situated in a quiet, country area but only a short distance from Mahon, San Luis and Es Castell. Set on 7445m² of land the main house comprises 262m² on 2 floors and there are exterior buildings of more than 200m². There is also some independent land of 1970m² in an area next to the historical talayots. The property needs a lot of reform but it would definitely be a fantastic restoration project to make your dream country home in Menorca.
