A buildable plot of 517m² situated in the quiet village of Trebaluger (Es Castell district). It is possible to build a beautiful house with swimming pool. Using our experts in this area, we can also organise the building project for a detached, family home built on 1 or 2 floors, with private pool and built with materials of the owner's choice. The plot could also be bought with the plot situated next door (see Ref 1967) giving a total of 1035m² of land. The village is just a few minutes drive to the larger towns of Es Castell and San Luis where you will find everything you need including supermarkets, shops, medical facilities, schools and bus routes into the capital of Mahon. The sandy beaches are a 10 minute drive and the airport 15 minutes drive.
